flexhelp24

There for you twice over.

Get medical help on the phone or at your Medgate partner practice – you decide. With **flexhelp24**, you are guaranteed to receive the best medical care without the long wait.

Here's how it works

- If you're ill, always contact a Medgate partner practice or ask for a Medgate telephone/video consultation first – either via the app or by calling **+41 844 654 654**.
- Your chosen contact will coordinate your treatment and, if necessary, refer you to a family doctor or specialist doctor practice or hospital.
- You can visit an ophthalmologist, gynaecologist or paediatrician (up to the age of 16) and an emergency department or ward directly – without a referral. Please inform Medgate following emergency treatment.
- An emergency exists when a person finds themselves in an acute situation threatening their health or life that requires immediate medical treatment.
- Important information: If you do not follow the rules, Sympany may refuse to bear the costs. If you repeatedly fail to follow the rules, we will switch you to traditional basic insurance with a free choice of doctor.
